Ventilation keypads

Natural
ventilation

Smoke
ventilation

Application

- ventilation keypad with OPEN / CLOSE / STOP and/or DOWN / UP function
- secondary priority when connecting to smoke units
- keypad without mechanical lock

The ventilation keypads are either used for the manual opening and closing of electrically operated windows, smoke vents or light domes. Or running the sunscreen / blinds up and down.

The ventilation keypad signal has second priority in the smoke unit, meaning the signals from smoke detectors, smoke ventilation switches and external smoke alarm units have first priority.

For connecting to all WindowMaster natural ventilation and smoke ventilation panels.

WSK 100 1161

Surface or flush mounting.

OPEN / CLOSE / STOP function.

When surface mounting WSA 209 01 mounting frame must be used. The frame is to be ordered separately.

WSK 102

Surface mounting.

OPEN / CLOSE / STOP function.

Model Fuga. (DK version)

WSK 103

Surface mounting.

OPEN / CLOSE / STOP function.

Model Fuga.

WSK 110 0A0B

Single ventilation keypad for operating one window / window group.

OPEN / CLOSE / STOP function.

Model Fuga.

Can be combined with WEA 168 and used together with KNX-controls.

WSK 110 0C0D

Single ventilation keypad for operating one sunscreen / sunscreen group.

UP / DOWN / STOP function.

Model Fuga.

Can be combined with WEA 168 and used together with KNX-controls.

WSK 120 0A0B 0A0B

Double ventilation keypad for operating two windows / window groups.

OPEN / CLOSE / STOP function.

Model Fuga.

Can be combined with WEA 169 and used together with KNX-controls.

WSK 120 0A0B 0C0D

Double ventilation keypad for operating one window / window group and one sunscreen / sunscreen group.

One key for OPEN / CLOSE / STOP and a second for UP / DOWN / STOP.

Model Fuga.

Can be combined with WEA 169 and used together with KNX-controls.

WSK 120 0C0D 0C0D

Double ventilation keypad for operating two sunscreens / sunscreen groups.

UP / DOWN / STOP function.

Model Fuga.

Can be combined with WEA 169 and used together with KNX-controls.

WSK 200

Flush mounting.

OPEN / CLOSE / STOP function.

(UK version)

WSK 300 11

Flush mounting.

OPEN / CLOSE / STOP function.

(CH version)
